Midnite Madness Cleaner / Glaze

DL6004

AVAILABLE SIZES (6) 16 Ounce **DL6004** | (4) 1 Gallon **DL6004-1**

Glaze, Repair, and Shine in One

Mighty Brightline® Midnite Madness Cleaner/Glaze is a body shop safe oil based glaze designed to fill fine surface scratches, remove minor to moderate paint imperfections and oxidation from new and used vehicles. Midnite Madness may be applied by hand, orbital, or variable speed polisher. Works well with wool or foam pads. Biodegradable.

Features:

- + Body shop safe
- + VOC/OTC Compliant
- + Economical to use
- + Excellent gloss
- + Silicone free

Directions

Do not use in direct sunlight or on hot surfaces. Shake well before use.

For hand application: apply with a clean dampened cloth; spread over a small area using medium pressure until material starts to haze. Wipe with a clean, soft lint-free polishing cloth.

For high speed rotary machine application: apply a 12 inch ribbon in a 24 inch area. Choose a wool or foam pad designed for polishing or finishing, and buff product wet at 1100 to 2000 rpm into painted surface. Continue process and burnish product into the surface. Care must be taken to protect high edges and molding. Continue over entire painted surface to be corrected.
