

# Safety Data Sheet

Product Identifier: Skid™ Penetrating Lubricant

Stock Number: B790

Date of the latest revision of the safety data sheet: 09-05-2022

Supersedes:

## 1 Identification

- (a) Product Identifier: **Skid™ Penetrating Lubricant**  
Stock Number: B790
- (b) Other means of identification:  
Synonyms: None Known
- (c) Recommended use and restrictions on use:  
Recommended use: Penetrant  
Lubricant  
Restrictions on use: Uses not described above.
- (d) Initial Supplier Identifier: Myers Tire Supply  
Manufacture/Distributor: 1293 S. Main Street  
Akron, OH 44301  
Tel No.: 1 (330) 253-5592  
Email: customerservice@stonersolutions.com
- (e) Emergency telephone number and any restrictions on the use of that number, if applicable: 1-800-424-9300 [CHEMTREC]

## 2 Hazard identification

- (a) Classification of the hazardous product, namely the appropriate category or subcategory of the hazard class identified in Subparts 2 to 19 of Part 7 or Subparts 1 to 11 of Part 8, or a name that is its substantive equivalent, or for Subpart 20 of Part 7 and Subpart 12 of Part 8, the category of the hazard class or a description of the identified hazard:
- Germ Cell Mutagenicity Category 1B  
Carcinogenicity Category 1A  
Aspiration Hazard Category 1  
Skin Corrosion/Irritation Category 2  
Serious Eye Damage/Eye Irritation Category 2A  
Reproductive Toxicity Category 2  
Specific Target Organ Systemic Toxicity (STOT) - Repeated Exposure Category 2  
Flammable Liquid Category 3  
Specific Target Organ Toxicity Single Exposure Category 3

(b) Information elements referred to in section 3 of Annex 3 of the GHS and in paragraphs 3(1)(d) to (f) of these Regulations for each of those categories or subcategories. If the required information element is a symbol, either the name of the symbol or the symbol itself may be used:

GHS Hazard class symbols:

Signal word:

Danger

Hazard statements:

Flammable liquid and vapour; May be fatal if swallowed and enters

# Safety Data Sheet

Product Identifier: Skid™ Penetrating Lubricant

Stock Number: B790

Date of the latest revision of the safety data sheet: 09-05-2022

Supercedes:

airways; Causes skin irritation; Causes serious eye irritation; May cause drowsiness or dizziness; May cause genetic defects.; May cause cancer.; Suspected of damaging fertility or the unborn child.; May cause damage to organs through prolonged or repeated exposure

## Precautionary statements:

### Prevention:

Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Keep away from heat/sparks/open flames/hot surfaces. No smoking. Ground/bond container and receiving equipment. Use explosion-proof [electrical/ventilating/lighting] equipment. Use only non-sparking tools. Take precautionary measures against static discharge. Do not breathe dust/fume/gas/mist/vapours/spray. Wash thoroughly after handling. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection.

### Response:

IF SWALLOWED: Immediately call a POISON CENTER/doctor. If on skin: Wash with plenty of water. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower. IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF exposed or concerned: Get medical advice/ attention. Call a POISON CENTER/doctor if you feel unwell. Specific treatment (see on this label). Do NOT induce vomiting. If skin irritation occurs: Get medical advice/attention. If eye irritation persists: Get medical advice/attention. Take off contaminated clothing and wash it before reuse. In case of fire: Use an appropriate extinguisher (see section 5) to extinguish.

### Storage:

Store in a well-ventilated place. Keep container tightly closed. Store in a well-ventilated place. Keep cool. Store locked up.

### Disposal:

Dispose of contents/container to a suitable disposal site in accordance with local/national/international regulations.

## (c) Other hazards known to the supplier with respect to the hazardous product:

Physical hazards not otherwise classified      None Known

Health hazards not otherwise classified      None Known

## 3 Composition/information on ingredients

## 4 First-aid measures

**(a) A description of necessary first aid measures, subdivided according to the different routes of exposure (inhalation, ingestion, skin and eye contact):**

- Inhalation:** Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Keep the victim warm and quiet. Seek immediate medical attention.
- Eye contact:** Immediately flush eyes gently with plenty of water for at least 15 minutes while holding eyelids apart. If symptoms persist or there is visual difficulty, seek medical attention.
- Skin Contact:** Wash clothing before reuse. Seek medical attention if symptoms persist. In case of contact, immediately wash contaminated area with plenty of water for at least 15 minutes.
- Ingestion:** Aspiration into the lungs can cause serious damage. Contact a physician, medical facility, or poison control center immediately. Have victim drink 8 to 10 ounces of water to dilute the material in the stomach. Do not induce vomiting. If vomiting occurs spontaneously, keep head below hips to prevent aspiration of liquid into lungs.

**(b) The most important symptoms and effects, whether acute or delayed:** May be fatal if swallowed and enters airways Causes skin irritation Causes serious eye irritation May cause drowsiness or dizziness May cause damage to organs through prolonged or repeated exposure

**(c) An indication of immediate medical attention and special treatment needed, if necessary:** This material is an aspiration hazard. Potential danger from aspiration must be weighed against possible oral toxicity when deciding whether to induce vomiting. Preexisting disorders of the following organs (or organ systems) may be aggravated by exposure to this material: This material is

# Safety Data Sheet

Supercedes:

an aspiration hazard. This material is an aspiration hazard. Potential danger from aspiration must be weighed against possible oral toxicity when deciding whether to induce vomiting. Inhalation of high concentrations of the material, or one of its components, as could occur in enclosed spaces or during deliberate abuse, may be associated with cardiac arrhythmias. Sympathomimetic drugs may initiate cardiac arrhythmias in persons exposed to this material.

## 5 Fire-fighting measures

### (a) Suitable and unsuitable

extinguishing media:

**Suitable extinguishing media:**

Use CO<sub>2</sub>, foam or dry chemical.

**Unsuitable extinguishing media:**

No data available

**(b) Specific hazards arising from the hazardous product, such as the nature of any hazardous combustion:**

This product contains a component(s) that is considered a flammable liquid, which has vapors that are heavier than air and may travel along the ground or be moved by ventilation and ignited by heat, pilot lights, or other flames and ignition sources at locations distant from the material's handling point. In extreme fire conditions this material may present a floating fire hazard.

**(c) Special protective equipment and precautions for firefighters:**

Use CO<sub>2</sub>, foam or dry chemical. Do not direct a solid stream of water or foam into hot burning pools, this may cause frothing and increase fire intensity. Water is generally not effective and may spread fire; however, water spray may be used from a safe distance to cool closed containers and protect surrounding area. Fire fighters should wear normal protective equipment and positive-pressure self-contained breathing apparatus.

## 6 Accidental release measures

**(a) Personal precautions, protective equipment and emergency procedures:**

No data available

**(b) Methods and materials for containment and cleaning up:**

If runoff occurs, notify authorities as required. Ventilate contaminated area. Remove all sources of ignition. Place absorbent materials into container and close it tightly. Dispose of container properly. Clean up with absorbent material. Avoid run-off into storm sewers and ditches which may lead to natural waterways. Stop or reduce discharge if it can be done safely. Wear appropriate personal protective equipment (PPE).

## 7 Handling and storage

**(a) Precautions for safe handling:**

Use bonding and grounding when transferring quantities of material. Normal precautions common to safe manufacturing practice should be

# Safety Data Sheet

Date of the latest revision of the safety data sheet: 09-05-2022

Supercedes:

followed in handling and storage. Wash hands thoroughly after handling. Avoid contact with eyes. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, static electricity, or other sources of ignition; they may explode and cause injury or death. Use with adequate ventilation. Avoid prolonged or repeated contact with skin. Avoid prolonged or repeated breathing of vapor. Do not use near ignition sources.

**(b) Conditions for safe storage, including any incompatibilities:**

**Conditions for safe storage:**

Empty container may contain residues which are hazardous. Keep away from heat, sparks and flame. Store in a cool, dry, well ventilated area away from all sources of ignition.

**Materials to Avoid/Chemical Incompatibility:**

No data available

## 8 Exposure controls/personal protection

**(a) Control parameters, including occupational exposure limit values or biological limit values and the source of those values:**

**Canada – Alberta – Occupational Exposure Limits:**

**(b) Appropriate engineering controls:** Local exhaust should be used in areas where exposure limits may be exceeded.  
No exposure limits exist for the constituents of this product.  
Ventilation should be adequate to prevent exposures above the limits indicated below in this section of the SDS (from known, suspected or apparent adverse effects).

**(c) Individual protection measures, such as personal protective equipment:**

**Respiratory Protection:** Use NIOSH approved respirator where there is likelihood of inhalation of the product mist, spray or aerosol. A supplied air respirator should be used if ventilation is not sufficient to maintain exposure limits. If respiratory irritation develops below the recommended exposure limits, use an NIOSH approved nuisance dust/mist/organic vapor respirator.

**Eye and face protection:** Wear chemically resistant safety glasses with side shields when handling this product. Wear additional eye protection such as chemical splash goggles and/or face shield when the possibility exists for eye contact with splashing or spraying liquid or airborne material. Have an eye wash station available.

**Skin Protection:** The use of chemically resistant gloves is recommended if there is any possibility of prolonged or repeated liquid contact with skin.

**Hand protection:** No data available

**Other protective equipment:** No data available

**General hygiene conditions:** Wear protective gloves/protective clothing/eye protection/face protection. Wash thoroughly after handling.

## 9 Physical and chemical properties

**(a) Appearance, such as physical state and colour:**

**Physical state:** Bulk liquid  
**Colour:** Light amber

**(b) Odour:** Aromatic  
Petroleum solvent  
Slight

**(c) Odour threshold:** No data available

**(d) pH:** Not applicable

<b>(a) Information on the likely routes of exposure (inhalation, ingestion, skin and eye contact):</b>	Skin Eye
<b>(b) Symptoms related to the physical, chemical and toxicological characteristics:</b>	May be fatal if swallowed and enters airways Causes skin irritation Causes serious eye irritation May cause drowsiness or dizziness May cause damage to organs through prolonged or repeated exposure
<b>(c) Delayed and immediate effects, and chronic effects from short-term and long-term exposure:</b>	
<b>Immediate effects from short term exposure:</b>	
<b>Inhalation Toxicity:</b>	No data available
<b>Skin Contact:</b>	This material is estimated to be slightly irritating (Primary Irritation Index is 0.5 - 3.0 [rabbits]). Can cause severe irritation. Passage of this material into the body through the skin is possible, but it is unlikely that this would result in harmful effects during safe handling and use. Prolonged or repeated exposure may dry the skin. Symptoms may include redness, discomfort, drying and cracking, or rash. Skin contact may cause irritation.
<b>Eye Contact:</b>	Classification is based on pH and the components listed in Section 3.
<b>Ingestion Toxicity:</b>	No data available
<b>Delayed and chronic effects from long term exposure:</b>	
<b>Sensitization:</b>	No data available
<b>Mutagenicity:</b>	No data available
<b>Carcinogenicity:</b>	Based on available information, this material cannot be classified with regard to carcinogenicity. A component in this material has been shown to cause cancer in laboratory animals. The relevance of this finding to humans is uncertain. THIS PRODUCT CONTAINS NO COMPONENTS LISTED AS CARCINOGENIC BY IARC, NTP, OR OSHA 1910(Z)
<b>STOT-single exposure:</b>	Based on available data, the classification criteria are not met.
<b>STOT-repeated exposure:</b>	Classification has been based on toxicological information of the components in Section 3.
<b>Aspiration hazard:</b>	Classification has been based on toxicological information of the components in Section 3.

## (d) Numerical measures of toxicity, including ATEs

Information on toxicological effects:

Acute toxicity:

<b>12 Ecological information</b>
----------------------------------

(a) Ecotoxicity (aquatic and terrestrial, if available): No data available

# Safety Data Sheet

Product Identifier: Skid™ Penetrating Lubricant

Stock Number: B790

Date of the latest revision of the safety data sheet: 09-05-2022

Supercedes:

(b) Persistence and degradability:	No data available.
(c) Bioaccumulative potential:	No data available
(d) Mobility in soil:	No data available
(e) Other adverse effects:	No data available

## 13 Disposal considerations

Information on safe handling for disposal and methods of disposal, including any contaminated packaging: Spent or discarded material is a hazardous waste.

## 14 Transport information

### Transportation of Dangerous Goods by land (TDG):

(a) UN number:	UN1268
(b) United Nations proper shipping name as provided for in the United Nations Model Regulations:	Petroleum distillates, n.o.s. (contains Xylene)
(c) Transport hazard class as provided in the United Nations Model Regulations:	3
(d) Packing group as provided in the United Nations Model Regulations:	III

### International carriage of dangerous goods by sea (IMDG/IMO):

(a) UN number:	UN1268
(b) United Nations proper shipping name as provided for in the United Nations Model Regulations:	Petroleum distillates, n.o.s. (contains Xylene)
(c) Transport hazard class as provided in the United Nations Model Regulations:	3
(d) Packing group as provided in the United Nations Model Regulations:	III

### International carriage of dangerous goods by air (IATA):

(a) UN number:	UN1268
(b) United Nations proper shipping name as provided for in the United Nations Model Regulations:	Petroleum distillates, n.o.s. (contains Xylene)
(c) Transport hazard class as provided in the United Nations Model Regulations:	3
(d) Packing group as provided in the United Nations Model Regulations:	III

(e) Environmental hazards according to the International Maritime Dangerous Goods Code and the United Nations: No data available

# Safety Data Sheet

Product Identifier: Skid™ Penetrating Lubricant

Stock Number: B790

Date of the latest revision of the safety data sheet: 09-05-2022

Supersedes:

**Model Regulations:**

(f) Transport in bulk (according to Annex II of the International Convention for the Prevention of Pollution From Ships, 1973, as modified by the Protocol of 1978 (MARPOL 73/78) and the International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk (IBC Code)): No data available

(g) Special precautions in connection with transport or conveyance either within or outside the premises: No data available

## 15 Regulatory information

Safety, health and environmental regulations, made within or outside Canada, specific to the product in question:

**Canada - Domestic Substances List (DSL):**

Chemical Name	CAS No	Canada - Domestic Substances List (DSL)
Xylene	1330-20-7	Yes
Solvent naphtha (petroleum), heavy aliph.	64742-96-7	Yes
Distillates (petroleum), hydrotreated light	64742-47-8	Yes
Stoddard solvent	Mixture	Yes
Ethyl benzene	100-41-4	Yes
Petroleum hydrocarbon	64742-47-8	Yes
Organic oil	8002-09-3	Yes
Trimethylbenzene 1,2,4-	95-63-6	Yes
Naphthalene	91-20-3	Yes
Trimethylbenzene	25551-13-7	Yes
Cumene	98-82-8	Yes
Benzene	71-43-2	Yes

**Canada - Non-Domestic Substances List (NDSL):**

Chemical Name	CAS No	Canada - Non-Domestic Substances List (NDSL)
Xylene	1330-20-7	No
Solvent naphtha (petroleum), heavy aliph.	64742-96-7	No
